We discovered Trip to Ladakh agency through a friend in the city of Leh. And what a good surprise it was to hire from them two Himalayan Royal Enfield that were in very good conditions!. The rental process was very agile, we were offered great information on our planned riding adventure. Service from Lubu, the owner, and his staff was superb from the beginning and allowed us to ride safely in short time with all necessary permits organised.
No doubt, we will count on them for next occasion!! Cheers for all your great service and positive attitude!

As a world traveler, I've been to so many countries... this is definitely one of the best travel experiences of my life!!! Norbo is a perfect guide and perfect organizer! We came in a hurry way but he helped us to book the transportation, cars, rides, and the best homestay to wherever we travel! He was so kind and always had a smile on his face! He even helped us to get the SIM cards and gave us so many travel suggestions. Also, during the trip, he shared a lot of local stories and fun facts which was impossible to find online. I learned a lot from him, and I felt fulfilled and complete in this amazing trip. All I can tell is recommend everyone to book from this man, he's super responsible for his clients!!! You won't regret 😭😭

For the Taiwanese who see this ❤️❤️❤️ This is my awesome friend, Norbo! You can definitely book a motorcycle or rent a car with him and participate in their travel activities - the cars are all new, well maintained and insured. During the week I lived with him, I saw his work attitude and was often busy until two or three in the morning. I knew how much he valued this small company and ran it very seriously and hard! During my travels with him, I learned a lot about the local lifestyle, ate authentic food, and learned about cultural heritage and beliefs. As a
